

# GLUTEN SENSITIVE MENU as of 08.20.2026v1

At Pizza Ranch, we recognize that many of our guests are looking for gluten friendly options while still being able to dine out with their families and friends. As a courtesy to our guests, we have created the following gluten sensitive menu which includes a certified gluten-free crust. A pizza made on our gluten free crust is prepared in our kitchen using specific procedures to avoid cross contamination. Including separate sanitized utensils, baked in their own pan, and then placed in a box to reduce the risk of cross-contamination. Please note, while our gluten free pizza crust is certified none of our other ingredients are certified gluten free. The menu items listed below are prepared without gluten containing ingredients and are based on standardized recipes and information obtained from our approved suppliers. Every effort is made to keep this information current, however due to differences in suppliers, recipe revisions, preparation techniques, and/or time of the year it is possible ingredient changes and substitutions may occur.

Please be aware our kitchens do contain multiple sources of gluten and cross-contact may occur during normal kitchen operations including shared preparation surfaces.

**Due to these circumstances, we are unable to guarantee that any menu entrée can be completely free of ingredients containing gluten.**
